The Change of Season Brings More Opportunities!

As we come to the end of the summer season, it is important to thank supporters of the Buy American Made Campaign and American Workers Radio for helping to spread the message of our efforts to restore jobs in the United States of America. There is no doubt that we are in a time of change in America and because so many Americans have been speaking up, we continue to receive a growing amount of support from radio and television broadcasters, newspapers, Internet sites, and tens of millions of individuals promoting our message.

Expanding businesses making, distributing, and selling products with Made in the U.S.A. labels is not only being discussed but actions are being taken to expand manufacturing lines to meet the demand of consumers for products made and assembled in the United States.

70% of America's Economy is Based on Consumer Sales.
Why?

RIGHT NOW 70% of America's economy is still based on Americans spending their dollars on purchasing products and services. If 70% of our nation's economy represent Americans purchasing

durable goods like clothing, household needs, electronics and hundreds of others, it would be best if 70% of the purchases we make represent products made in America so we can restore tens-of-millions of additional jobs for American workers.

Manufacturing what we use on a regular basis was the cornerstone of America's economy for hundreds of years. Restoring the cornerstone of America is what our movement has been all about for many years. Thanks for looking at labels and spending more of your dollars on American made, which will help restore jobs for working-age and able-bodied Americans who want to be able to support themselves and their families.

Thanks for spreading the word and invite others to support our efforts. For more information visit: AmericanWorkersRadio.com, which has several links promoting ways to support American workers and America's economy.

Every American Made Purchase Improves OUR Future!

We are all surrounded by a fast-moving and ever-changing world. Sometimes it's really hard to focus on what is happening around us. However, with the help of millions of supporters of the Buy American Made Campaign, we have been able to keep the focus on supporting businesses that are producing American made products. That focus has helped maintain jobs in America and is helping businesses see the value of producing products with Made in U.S.A. labels.

Our message is simple yet very effective. After years of settling for a majority of foreign made products in America's stores, America's consumers want no less than a 50/50 balance between foreign and American made products to become a reality. America's consumers don't want to be a major SALES POINT for foreign made items any longer and see no reason why there cannot be a competitive American made products available for 90 percent of the foreign made products now sold in the United States.

In the process of promoting the Buy American Made Campaign, we have also been asking business owners to seek out more American made products from suppliers that are already manufacturing in America. The growing practice of reading labels and asking about competitive American made products before making a purchase has helped spread our message and has helped America's businesses at the cash register where it counts. The bottom line is spending more of your dollars on American made helps all Americans in the long-run.

"American Made Month"

During the entire month of **November, American Workers Radio** will expand its efforts to promote America's businesses, the industries manufacturing and assembling products in the U.S.A., and the jobs that employ Americans and add to a vibrant economy. This is a national event and everyone is asked to participate.

American Made Month will highlight American workers in all professions and focus on ways for America's consumers to circulate more of their money in America's economy by supporting products and services provided by American workers.

During November, 2018, American Made Month will promote efforts to expand jobs for Americans and UNITE local, state and national businesses that manufacture, assemble, promote, distribute, and sell American made items.

Brief Schedule:

- 1. Friday, November 2nd, Saturday, November 3rd and Sunday, November 4th, go out of your way to support National Small Business Weekend**, which is held the first full weekend of every month.
- 2. November 6th is National Election Day**, an opportunity to vote for political leaders who support efforts to expand the American Made campaign and jobs for Americans from the self-employed to individuals employed by major corporations.
- 3. Weekend of November 9th, 10th, & 11th, promote American Made items**, list the places where they are sold with a focus on the items that will make great gifts for the holidays.
- 4. November 11th, Veterans Day**, a time to honor veterans and promote jobs for America's veterans and all American workers.
- 5. November, 22nd, Thanksgiving Day**, a time to give thanks and unite our family, friends and neighbors to support the **Buy American Made Campaign** and jobs for American workers.
- 6. Friday, November 23rd, Black Friday**, a time to focus on American Made EVERYTHING, so American made businesses benefit.
- 7. November 24th, Small Business Saturday**, a national event to support America's small businesses and another opportunity to seek out American made products.
- 8. November 29th and 30th, the last days of American Made Month** and an opportunity to consider what more can be done to make the balance of the holiday shopping season a success for the businesses manufacturing, assembling, promoting, distributing and selling American Made Products.

Mark your calendar and spread the word so **November "American Made Month"** will be a great success.
