

## Supplemental Security Income (SSI)

**BENEFITS:** Supplemental Security Income, or SSI, is run by the Social Security Administration. The money to pay benefits does not come from Social Security taxes or trust funds; it is financed by general revenue funds of the U.S. Treasury. SSI makes monthly payments to people who have low incomes and few assets. States have the option to add money to the SSI payment resulting in a higher monthly benefit.

### **THOSE ELIGIBLE:**

- **U.S. citizens age 65 or older**
- **Blind or disabled, living in the U.S., with low incomes and few assets.**

Income includes earnings from Social Security, pensions, and interest income. Assets include nonresidential property, bank accounts, stocks and bonds.
